**Health & Safety Statement of Intent**

Water & Warmth Services (SW) Ltd is committed to achieving high standards of health and safety not only in respect of its own employees but also in relation to its sub-contractors and others working on the company's property or projects and to members of the public who may be affected by the company's activities.

Water & Warmth Services (SW) Ltd is aware of its obligations under the Health & Safety at Work Act and related legislation and is fully committed to meeting those obligations. The successful management of health & safety is primary objective and this policy details the standards expected of employees and sub-contractors maintaining a responsible attitude with regard to the well being of themselves and others.

Water & Warmth Services (SW) Ltd will identify and minimise the risk of harm so far as reasonably practical through a process of assessment, control, instruction, training and supervision to ensure that our company meets specific obligations to provide safe working conditions, equipment and systems of work.

Water & Warmth Services (SW) Ltd recognises that safe driving whilst on company business is a vital element for an individual's ability to perform at work. We therefore expect each employee to uphold the highest standards of driving and safety and to meet the conditions of road worthiness demanded by law. All vehicle users whether company or privately owned, are required to operate their vehicles at all times in a safe and responsible manner.

Water & Warmth Services (SW) Ltd supports the idea of consultation with employees on health and safety matters and any matter in this regard can be discussed and accordingly acted upon to promote health and safety as our paramount objective and will be continually reviewed.
